

STAR CLIPPERS:

A TRULY AUTHENTIC SAILING EXPERIENCE

A Star Clippers sailing is not your typical cruise. We don't have Vegas-style revues in a grand theater or a casino with slots, blackjack and poker. We don't have dozens of bars, lounges and restaurants. And we don't have an overwhelming sense of "there's too much to do on board."

We also don't have thousands of guests, a crowded dining room, long lines at our buffet and cramped deck space. A vacation is meant to be relaxing, and that is the order of the day at Star Clippers. We have a higher deck-space-per-guest ratio than most cruise lines, so our guests can always find a lounge chair to soak up some sun, enjoy the ocean breeze or catch up on a good book.

Our guests dine in one unhurried sitting, so they can take their time and enjoy the meal with new friends. They are greeted by name, and their preferences remembered by our attentive staff. And our guests are pampered with all of the major amenities found on a typical cruise vacation.

What makes Star Clippers the ideal option for guests looking to take a unique sailing vacation?

The Wind in Our Sails

When guests embark on a Star Clippers journey, they immediately notice the beautiful masts and sails in place of the typical cruise ship silhouette. Star Clippers ships are classified SPV (sail powered vessel), which means that unlike sailing ships classified MSY (motor sailing yacht) our guests will experience the thrill of moving under the power of the wind as much as possible. Our engines keep guests comfortable inside, but if the wind is in our favor it gently moves us from port to port.

Who are Our Clients?

Our guests are sailors, explorers, yachtsmen and connoisseurs of travel who seek a break from rigid routines and embrace casual elegance. There's no need to be a sailing aficionado, but our guests appreciate the excitement of being able to climb the mast for a stunning view of the horizon, hoist the sails to help the ship get under way and visit off-the-beaten-path ports without the crowds that follow larger ships. Our guests want to feel like they are sailing, not like they are cruising.

The size of our ships is intimate – much like sailing on a private yacht with friends and family. Carrying just 227 or 170 guests, we attract a clientele that is looking for an adventure where they can relax and rejuvenate, and make new friends. Whether it's lounging in the bowsprit net suspended above the ocean or dancing to a local steel drum band in the Tropical Bar, our guests appreciate the pace and scale of a Star Clippers voyage.

Friendly, Hospitable and Accessible

We're casual and friendly, welcoming and warm. Our hospitable staff is eager to ensure that each guest experiences a memorable vacation that is pampering, relaxing and fulfilling. Our open bridge makes it possible for guests to get a true sense of sailing a tall ship, and the daily lectures on deck by our captains and cruise directors touch on all things sailing. Our officers dine with guests each evening, making them accessible to everyone on board.
